René Frei

Head UHNWI Portfolio Management Europe
 LGT Bank (Switzerland) Ltd.

René Frei joined LGT Bank Switzerland in 2023 as head UHNWI Portfolio Management Europe. Prior to his current role, he spent eight years at Credit Suisse, where he held different functions and roles. Beginning in Product Development, René advanced Deputy Head of Unconstrained Strategies, responsible for managing total return strategies and derivative overlays while contributing significantly to the development of new solutions and the setup of a fund management platform. In 2020, René assumed the position of Head of Premium Engineering, where he led the management of benchmark-oriented solutions for HNWI and UHNWI clients, oversaw portfolio construction for discretionary UHNWI solutions, and served as a voting member of the Global IM Investment Committee.

Prior to his role at Credit Suisse, René held positions within UBS Wealth Management and was a Portfolio Manager at Bank Julius Bär.

René holds a Bachelor of Science in Engineering and Management with Specialization in Business Mathematics. Furthermore, he is a certified Financial Risk Manager (GARP) as well as successfully accomplished the University of Oxford Private Markets Investment Programme.
